

## SEEK MAN WHO FLED WHEN GIRL WAS DYING

Expensively Dressed Young Woman  
Found Unconscious in Hallway  
Dies in Bellevue.

Detectives of the Second Branch are to-day trying to find the man who walked out of the hallway of a tenement at No. 553 Third Avenue at 2 o'clock this morning just before a pretty and well-dressed young woman was found unconscious in the hall. The woman died four hours later at Bellevue Hospital, and not until an autopsy has been performed will the cause of her death be known.

There were no marks of violence on her, she had not been drinking apparently and although at first it was thought she might have been drugged later examination by physicians at

Bellevue indicated this was not the case. The young woman's clothes were of excellent material and a blue tailored suit trimmed with fur bore the label of an expensive tailoring establishment on West Thirty-fourth Street.

## BISHOP DAVID H. MOORE DEAD

CINCINNATI, Nov. 24.—Bishop David H. Moore of the Methodist Episcopal Church, who was stricken with paralysis on a train while returning to his home here early yesterday, died last night. Bishop Moore had been on a visit to his brother in Chicago and was found unconscious in his berth on a sleeping car. He was retired in 1912, but since that time has taken an active interest in important conferences of the church. Shortly after being elected Bishop in 1909 Dr. Moore was stationed at Shanghai, China. He was transferred to Portland, Ore., and then to Cincinnati in 1904. Bishop Moore entered the Civil War in 1860 as a private in the eighty-seventh Ohio Infantry and was mustered out as Colonel of the One Hundred and Twenty-fifth Ohio Infantry.

# "CASCARETS" WHEN BILIOUS; CONSTIPATED

Cascarets Gently Cleanse the Liver and Bowels, Stopping  
Headache, Nasty Breath, Sour Stomach or Bad Colds.

Better Than Salts, Oil, Calomel or Pills for Men,  
Women, Children—Never Gripe—20 Million  
Boxes Sold Last Year.

Take one or two Cascarets tonight and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. Wake up feeling grand, your head will be clear, your tongue clean, breath sweet, stomach regulated and your liver and thirty feet of bowels active. Get a box at any drug store now and get straightened up by morning. Stop the headache, biliousness,

bad colds and bad days. Feel fit and ready for work or play. Cascarets do not gripe, sicken or inconvenience you the next day like salts, pills or calomel. They're fine. Mothers should give a whole Cascaret any time to cross, sick, bilious or feverish children because it will act thoroughly and cannot injure.

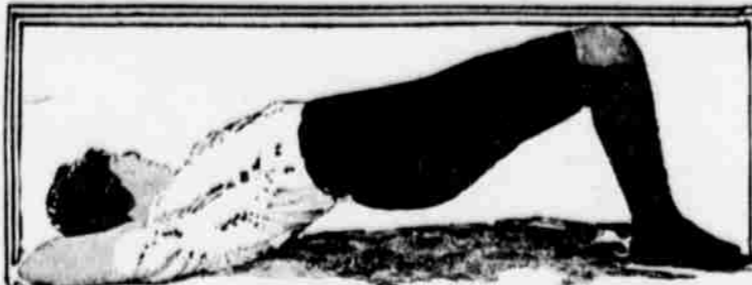

CASCARETS WORK WHILE YOU SLEEP.

EXERCISE FOR MUSCLES OF THE BACK.

### LUMBAGO; PAINS IN THE BACK.

Lumbago is caused by a painful condition of the muscles of the back and the tissues covering them and is usually accompanied by lameness, soreness, weakness of the back and inability to stand perfectly erect or to lift or carry any weights.

Massage and exercises are the real methods of permanently overcoming lumbago, as it is necessary to stir the blood in these regions and stimulate the flow of it to the muscles. At first the exercises will have a tendency to increase the pain and soreness, and great care must be taken to choose them with discretion and intelligence in order to prevent strain and severe after-effects. Overdoing the exercises causes so many disagreeable symptoms to arise, such as stiffness and often pains, that the good effects of them, when taken mildly in the beginning, are all lost. This condition brings disappointment and disgust and produces a feeling of doubt as to the ultimate result of any exercise to really improve the health and personal appearance.

As lumbago is another form of muscular rheumatism, any and all rules followed to overcome this common disorder will naturally relieve the pains in the back.

The kidneys and bowels should be flushed and kept in prime working order by taking at least two quarts of water each day, to increase the activity of the vital functions and accelerate the action of the skin and lungs.

Heavy massage along the spine will help to stimulate the blood and relieve the pains of lumbago, and after several days, when the stiff, sore muscles have become more supple, start with a few mild exercises, which affect those of the back and spine. All of the body bending and trunk

raising and twisting movements are valuable aids in strengthening the muscles of the back. To-day's picture shows an entirely new exercise for the back. It is rather severe and should be avoided by beginners. Take your position, as shown, and raise the hips until there is a straight line from neck to knees. Do not hold the position. Relax immediately and repeat not more than six times.

CALLOUS SPOTS—MRS. W. R. writes: "In your recent article for removing callous spots you said to wear a pad over the spots after soaking, paring and rubbing them with mutton tallow. Will you please tell me where to get these pads? By following your advice for removing dandruff from oily and dry scalp I have completely cured both my husband and self of them."

Get a piece of chamois and fold it several thicknesses and then cut a hole in the center the size of the callous spot. Fasten it on with strips of adhesive plaster. As the callous spots come from pressure the pads prevent the sole of the shoe from touching them.

CHAPPED HANDS—MABEL M. writes: "Please give me a good hand bleach. My hands are always chapped."

The hands should be dried thoroughly after washing and be protected by rubber gloves, if they are kept much in water. Always keep them covered by gloves when in the street. Massage chapped hands with cocoa butter, sweet almond oil or glycerine.

COMPLEXION—MARGARET M.

asks: "Please tell me where to get the barley meal you mention in the white honey paste mask."

From any druggist.

TO DEVELOP BUST, LORETTA K. writes: "How can I develop the bust? Should I use the alum solution, after the cocoa butter massage, to make the breast firm?"

Send me 10 cents and I will mail you the directions which have been printed for developing the bust. No, do not use the alum solution. This is an astringent and is used to reduce and not develop.

ANEMIA—MRS. INEZ L. H. asks: "Will you please mention some foods that are good for anemia and excessive paleness?"

Grapes, raw cabbage, beans, spinach, salads, fruits, cereals, milk, cream, eggs and water.

TAPE WORM—JOHN M. G. writes: "I believe I am troubled with a tape worm. What medicine would you advise me to take to expel it?"

I am not a physician, and never advise medicine. I would suggest you consult a physician about this before taking any drugs.

Hymn Writer Bursts Vessel in Eye.

CAPE MAY, N. J., Nov. 24.—Edgar Page Sikes, hymn writer, author of "Beulah Land," "Simply Trusting," "Just Ahead," and many other famous hymns, burst a blood vessel over his right eye to-day.

"Edgar Page," as he is known to the religious world, is nearly eighty years old. Only a few days ago he gave to the world his latest hymn, "Crossing the Bar." The author is attended by Dr. Frank Hughes of this city.

## SURGERY MAKES BOY GOOD.

At Least, Judge Is Convinced Billy Horton Is Reformed.

PHILADELPHIA, Nov. 24.—Young Billy Horton, sixteen years old, of Germantown, got a chance to-day to prove that surgery can change a "tough kid" into an exemplary youth. Billy is the son of Clark L. Horton of No. 83 East Garfield Street. He was a normal mischievous youngster, but finally gained a reputation as "the worst boy in Germantown," which might be stretching the truth, but gave an idea of how the neighbors regarded him.

After he had been placed on probation a couple of times, and then sent to an institution from which he escaped, his parents remembered that he first began to be "tough" after a fall, in which the right side of his skull was injured.

The boy was taken to the Hahnemann

Hospital and the operation of removing a ridge of the skull that had been pressing upon the brain was performed.

When arraigned before Judge MacNeille to-day in the Juvenile Court the Judge was convinced that Billy was a new and different boy. He was set free, but his parents will watch him.

## "BIG SIX" BALL TO-NIGHT.

Sixty-Sixth Annual Dance to Increase Union's Benevolence.

The sixty-sixth annual charity ball of Typographical Union No. 6—"Big Six"—will be held to-night at Sulzer's Harlem River Casino, One Hundred and Twenty-seventh Street and Second Avenue.

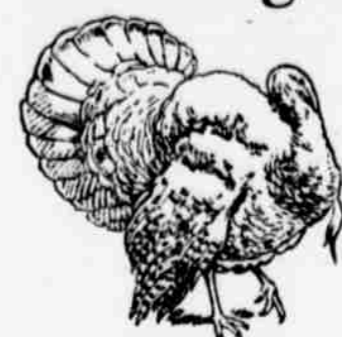

"Big Six," aside from its importance in organized labor, is equally noted for its wide benevolence. The proceeds of to-night's ball will be devoted to the maintenance of the union's hospital fund, created at the foundation of the

organization. Beds are maintained at St. Vincent's, St. Mark's, the Volunteer, the Port Graduate and New York Hospitals in Manhattan; St. Mary's in Brooklyn, and Chester Crest in Mount Vernon, N. Y.

Applying this Paste  
Actually Removes Hairs

(Beauty Note.) Merely applying an inexpensive paste to a hairy surface, say beauty specialists, will dissolve the hairs. This paste is made by mixing a little water with some powdered delatone; after about 8 minutes it is rubbed off and the skin washed. This simple method not only removes every trace of hair, but leaves the skin free from blemish. To insure success with this treatment, be careful to get real delatone.—Adv.

IN these official pictures the audience is taken to the actual fighting front and is privileged to be an eyewitness of the history making conflict just as it is fought. \* \* \* On the battlefield of Champagne the great guns are seen pounding at the enemy intrenchments, where, as the despatches tell, 2,000 shells were sent on their deadly mission by each piece. \* \* \* The prisoners taken in that great action—20,000 there were—are seen on their way to the rear. \* \* \* Armored airships are in flight. \* \* \* The defenders of the first line are seen in their trenches, with here and there a man who has paid with his life the debt of loyalty. \* \* \* Then there is the grand review—infantry, artillery and chasseurs by the tens of thousands, and on the reviewing line the sturdy figure of the King of Belgium, the bearded King of England and the heir to the British throne, and the grizzled Joffre, the General commanding the French Army. \* \* \* Here too for the first time can be seen the sweep of poison gas over a battlefield. \* \* \* Thrills and pathos from beginning to end of a two-hour exhibition.
